

Decision of Ministry of Environment, Forest and Climate Change with respect to import and export of hazardous and other waste under the provisions of Hazardous and other Wastes (Management and Transboundary Movement) Rules, 2016 as approved by the Competent Authority on the basis of 154th Meeting of Expert Committee (EC) held on 7th March, 2026.

PROCEEDINGS

154th Meeting of Expert Committee (EC) for Appraisal of Applications for Import/Export of hazardous and other wastes with reference to Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 as amended from time to time held on 7th March, 2026 in Online Mode under the chairmanship of Shri Sudhir Srivastava.

Opening Remarks of the Chairman: The Chairman extended welcome to members and other participants and requested to start the proceeding as per the agenda adopted for this meeting.

Consideration of Proposals: The EC considered the proposals as per agenda adopted for the meeting. The details of deliberations held and decisions taken in the meeting are as under:

AGENDA NO. 1. IMPORT OF LEAD SCRAP/BATTERIES SCRAP **(BASEL NO. B1020/B1090/A1160)**

Initial Discussion: *The EC was of the view that, in cases of import of Lead Scrap/Battery Scrap (B1020/A1160), applicants may also require to submit a Chartered Accountant (CA) certificate clearly indicating the Gross GST, input tax credit and net GST for the last financial year.*

1.1. M/s Plumbum Chemicals & Pigments Private Limited, Kolkata, West Bengal (F.No.23/104/2024-HSM).

The application (App ID-SW2404957887-M014_D001_A304-1769606534343) pertains to import of 6,500 MT of Lead Scrap/Battery Scrap (ISRI Code: Radio/Rakes/Ropes/Relay/Rents/Racks/Rails) (B1020). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The Consent No. CO140945 dated 28th November, 2022 is Valid up to 31st July, 2026 and authorization no. WBPCB/3738230/2023 dated 13th March, 2024 is valid up to 30th April 2028. The consented capacity of Lead Alloy & Refined lead Ingot is 2300 MT/M. The date of establishment is 20th July, 2017. The Actual date of operation is 13th September, 2017. The production in last FY (2024-2025) was 13,629 MT. The export was nil for FY (2024-25). The domestic purchase was 3,440.56 MT out of 12,751.86 MT in FY 2024-25. The previous permission was given for the import of 8,202 MT of Lead Scrap/Battery Scrap *vide* letter dated 11th September, 2026. The site visit was conducted by CPCB on 7th August, 2024.

Recommendation: **Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 6,500 MT of Lead Scrap/Battery Scrap (ISRI Code: Radio/ Rakes/ Ropes/ Relay/ Rents/ Racks/ Rails) (B1020).**

1.2. M/s Chloride Metals Limited, Kolar, Karnataka (F. No. 23-153-2014-HSMD).

The application (App ID-SW9801283476-M014_D001_A304-1770036530089) pertains to import of 50,000 MT of Lead Scrap/Batteries Scrap (as per ISRI Code: Radio/Rakes/Ropes/Relay/Rents/Racks/Rails/Rains/Rinks) (A1160/B1020). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The Consent No. AW-326177 dated 13th August, 2021 is valid up to 30th June, 2026 and authorization no. 326288 dated 19th August, 2021 is valid up to 30th June, 2026. The consented of Lead Alloys is 9500 MT/M & Small components (Lead alloys) is 500 MT/M. The date of establishment is 2002. The Actual date of operation is 29th May, 2003. The production in last FY (2024-2025) was 78,828 MT. The export was 12,875 MT for (FY 2024-25). The domestic purchase was 66,803 MT out of 93,132 MT in FY 2024-25. The previous permission was given for the import of 50,000 MT of Lead Scrap/Batteries Scrap *vide* letter dated 04th March, 2024 & 22nd August, 2025 (ext.). The site visit was conducted by CPCB on 19th January, 2023.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 50,000 MT of Lead Scrap/Batteries Scrap (ISRI Code: Radio/Rakes/Ropes/Relay/Rents/Racks/Rails (B1020), Rains (A1160) with not more than 2% of liquid/electrolyte by weight in a given lot/consignment/container and Rink (A1160). The quantity of import of RINK will be limited to 50% of the total import quantity recommended. Further, 50% of the aforesaid recommended quantity (i.e. 25,000 MT) may be granted now and the rest 50% (25,000 MT) may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to the EC. The import of Basel No. A1160 is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

1.3. M/s Carven Alloys, Hapur, Uttar Pradesh (F. No. 23/8/2024-HSMD).

The application (App ID-SW0122437710-M014_D001_A304-1770790833926) pertains to import of 15,000 MT of Lead Scrap/Batteries Scrap (as per ISRI Code: Rails, Racks, Ropes, Ropes, Radio, Rents, Rono, Relay and Rakes) (B1020/A1160). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The ConsentNo.190847/UPPCB/Circle1(UPPCBHO)/CTO/both/HAPUR/2023 dated 07th September, 2023 is valid up to 31st December, 2027 and authorization no. 50583 dated 05th June, 2023 is valid up to 04th June, 2028. The consented capacity of Recycling & Reprocessing of Lead Ingots is 3900 MT/M, By Product-Lead Ingots is 65 MT/day, by Product is Pure Lead, lead Alloys is 150 MT/day etc. The date of establishment is 27th October, 2016. The Actual date of operation is 30th January, 2018. The production in last FY (2024-2025) was 19,333.66 MT. The export was nil for FY (2024-25). The domestic purchase was 20,952.27 MT out of 21,455.53 MT in FY 2024-25. The previous permission was given for the import of 8,811 MT of Lead Scrap/Battery Scarp *vide* letter dated 07th February, 2025. The site visit was conducted by CPCB on 17th August, 2023.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 12,889 MT of Lead Scrap/Battery Scrap (ISRI Code: Rails, Racks, Ropes, Ropes, Radio, Rents, Rono, Relay and Rakes)

(B1020/ A1160). The import of Basel No. A1160 is allowed subject to the Prior Informed Consent (PIC) of the exporting country

1.4. M/s Jayachandran Alloys Private Limited, Erode, Tamil Nadu (F. No. 23/25/2019-HSMD).

The application (App ID-SW8757177690-M014_D001_A304-1766577070355) pertains to import of 88,695 MT of Lead Scrap/Batteries Scrap (as per ISRI Code: Radio, Racks, Ropes, Rakes, Rents, Relays, Rails, Lead waste and scrap includes lead Grids, lead paste, Lead flakes, lead in crushed or powder form, Rink, Rains & Ropers) (A1160/B1020). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The Consent No. 2408258204860 dated 02nd September, 2024 is valid up to 31st March, 2027 and authorization no. 22HFC40733568 dated 08th December, 2022 is valid up to 31st March, 2027. The consented Lead Ingots & Lead Alloys is 87,680 MT/Year etc. The date of establishment is 04th April, 2016. The Actual date of operation is 01st July, 2016. The production in last FY (2024-2025) was 31,714 MT. The export was 11,035 MT for (FY 2024-25). The domestic purchase was 13,228.18 MT out of 38,334.75 MT in FY 2024-25. The previous permission was given for the import of 34,164 MT of Lead Scrap/Batteries Scrap *vide* letter dated 05th November, 2024. The site visit was conducted by CPCB on 12th January, 2023.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 28,500 MT of Lead Scrap/Batteries Scrap (ISRI Code: Radio, Racks, Ropes, Rakes, Rents, Relays, Rails, Lead waste and scrap includes lead Grids, Lead paste, Lead flakes, Lead in crushed or powder form, Ropers (B1020) & Rono, Rains (A1160) with not more than 2% of liquid/electrolyte by weight in a given lot/consignment/container and Rink (A1160). The quantity of import of RINK will be limited to 50% of the total import quantity recommended. Further, 50% of the aforesaid recommended quantity (i.e. 14,250 MT) may be granted now and the rest 50% (14,250 MT) may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to the EC. The import of Basel No. A1160 is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

1.5. M/s Diach Chemicals & Pigments Private Limited, Howrah, West Bengal (F.No. 23-292-2012-HSMD).

The application (App ID-SW8345129867-M014_D001_A304-1771233771256) pertains to import of 43,000 MT of Lead Scrap/Batteries Scrap (as per ISRI Code: Rails/Rents/Radio/Rakes/Ropes/Relay/Rain & Rinks) (A1160/B1020). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The Consent No. CO134322 dated 21st October, 2022 is valid up to 31st August, 2027 and authorization no. 138/2S (HW)-2073/2006(Pt-I) dated 08th October, 2021 is valid up to 31st August, 2026. The consented of Lead Ingots is 3,175 MT/M, Lead Alloy is 2,046 MT/M, Refined Lead/Secondary pure lead is 2125 MT/M, Red Lead is 150 MT/M, Burton Oxide is 75 MT/M, Lead sub oxide is 75 MT/M & Litharge is 125 MT/M. The date of establishment is 08th September, 2004. The Actual date of operation

is 03rd August, 2006. The production in last FY (2024-2025) was 12,433.954 MT is Lead Ingot (From Scrap Battery) & 26,663.420 MT is Pure Lead & Lead Alloys. The export was 10,224.020 MT for (FY 2024-25). The domestic purchase was Lead Scrap – 16,379.214 MT & Other Lead is 8619.459 MT i.e. 24,998.673 MT out of 33,640.62 MT in FY 2024-25. The previous permission was given for the import of 18,105 MT of Lead Scrap/Batteries Scrap *vide* letter dated 21st March, 2024 & 15th October, 2024 (Inclusion of Rink). The site visit was conducted by CPCB on 18th November, 2021.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 15,106 MT of Lead Scrap/Batteries Scrap (ISRI Code: Rails/Rents/Radio/Rakes/Ropes/Relay (B1020), Rains (A1160) with not more than 2% of liquid/electrolyte by weight in a given lot/consignment/container and Rink (A1160). The quantity of import of RINK will be limited to 50% of the total import quantity recommended. Further, 50% of the aforesaid recommended quantity (i.e. 7,553 MT) may be granted now and the rest 50% (7,553 MT) may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to the EC. The import of Basel No. A1160 is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

1.6. M/s Mahesh Metalloys Private Limited, Ahmedabad, Gujarat (New Application).

The application (App ID-SW0265442578-M014_D001_A304-1768632290221) pertains to import of 1,560 MT of Lead Scrap/Battery Scrap (B1020/A1160). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment. The Consent No. and authorization AWH- 120117 dated 14th July, 2022 is valid up to 31st December, 2026. The consented capacity of Hard Lead, Soft Lead & Lead Alloy is 130 MT/Month. The date of establishment is 12th April, 2019 [01st April, 2021 - name change from M/s Maruti Metals]. The Actual date of operation is 14th July, 2022. The production in last FY (2024-2025) was 27,927 kgs.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 1000 MT of Lead Scrap/Battery Scrap (B1020/A1160). Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC. The import of Basel No. A1160 is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

1.7. M/s Chloride Metals Limited, Ahmednagar, Maharashtra (New Application).

The application pertains to import of 50,000 MT Lead Scrap/ Battery Scrap (as per ISRI Code: Rains/ Rails/ Rink/ Radio/ Racks/ Relay/ Ropes/ Rents/ Rakes) (A1160/B1020). The applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment, Lead analysis report in soil, air, water, stack and blood of the workers. The Consent No Format1.0/CAC/UAN/No. MPCB-Consent-0000217458/CO/2502002275 dated 26th February, 2025 is valid up to 31st March, 2026. The Authorization No.BO/2311000008 dated 20th November 2023 is valid up to 31st October, 2028. The consented capacity for Recycling of Lead Acid Batteries

and converted into Lead Alloys & Cast components is 1,32,000 MT/A. The date of establishment is 24th March, 2022. The Actual date of operation is 11th August, 2023. The production in last FY (2024-2025) is 96,744 MT and the Export is 40 MT. The unit has working strength of 450 Nos. of employees.

The matter was discussed in 144th EC, Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 64,496 MT of Lead Scrap/ Battery Scrap (as per ISRI Code: Rains/ Rails/ Rink/ Radio/ Racks/ Relay/ Ropes/ Rents/ Rakes) (B1020), Rink and Rains with not more than 2% of liquid/electrolyte by weight in a given lot/consignment/container) (A1160). Further, the above quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to the EC. Further, the quantity of import of RINK will be limited to 50% of the total import quantity recommended. The import of RINK & RAINS (A1160) is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

CPCB site visit report has been received in the Ministry. As per the CPCB inspection, report unit is complying with SOP. However, from the CPCB site visit report, it has been observed that the CA Certificate attached with the inspection report and provided by the applicant while making application has discrepancies. The CA Certificate attached with CPCB inspection report indicates that 38,613.271 MT of indigenous raw material was procured and the manufactured quantity was 21,885.757 MT in FY 2024 - 25. However, CA certificate provided with application indicates 96,744 MT production and 40 MT export in FY 2024-25 and on that basis eligible import quantity was calculated and recommended by EC in its 144th meeting.

Therefore, the matter was placed before EC for deliberation/discussion in its 153rd meeting held on 30th January, 2026 in presence of applicant and EC recommended that details of domestic procurement of raw material with proper bifurcation i.e. battery scrap, lead scrap and Remelted lead (RML) purchased along with details of the company from where the same was purchased may be obtained from the applicant. In case such sellers have already received import permission on account of the remelted lead produced by them, the eligible quantity may be correspondingly reduced. Permission may be given only after satisfactory reply for the eligible quantity so determined, without referring to the EC.

Thereafter, the applicant has provided the requisite the details. However, during processing of the case, it was noted that there is a variation in the import quantity requested by the applicant in Form-5 on NSWS Portal (50,000 MT) and the quantity recommended by the EC (64,496 MT) based on the existing calculation criteria, therefore, case is again placed before the EC for reconsideration.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 50,000 MT of Lead Scrap/ Battery Scrap (as per ISRI Code: Rains/ Rails/ Rink/ Radio/ Racks/ Relay/ Ropes/ Rents/ Rakes) (B1020), Rains (A1160) with not more than 2% of liquid/electrolyte by weight in a given lot/consignment/container) and RINKS (A1160). The quantity of import of RINK will be limited to 50% of the total import quantity recommended. The import of RINK & RAINS (A1160) is allowed subject to the Prior Informed Consent (PIC) of the exporting country.

1.8. M/s Exigo Recycling Private Limited, Karnal, Haryana (F.No. 23/61/2025-HSM).

The application (App ID-SW2403121469-M014_D001_A304-1766144882731) pertains to import of 2,300 MT of Used Lithium- ion battery Scrap (B1090). The

applicant has furnished Form 5, Justification for import, Process flow chart indicating adequate pollution control equipment. The Consent No. HSPCB/Consent/: 320220925KARCTO114649626 dated 7th August, 2025 is valid up to 31st July, 2027 and authorization no. HWM/KAR/2023/22503434 dated 13th May, 2023 is valid up to 30th September, 2026. The consented capacity of Cobalt Lithium, Nickel Manganese and Zinc -15 Metric Tonnes/day etc (Product) and Lithium-ion Battery and Zinc Alkaline/Pack/Cells - 24.325 MT/day etc (raw material). The previous permission was given for the import of 100 MT of Used Lithium- ion battery Scrap *vide* letter dated 28th May, 2025. The site visit was conducted by CPCB on 24th January, 2025.

The matter was considered in 153rd Expert committee meeting held on 30th January, 2026, Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended that applicant may be asked to submit details w.r.t. production in last FY, recycled products, domestic procurement of raw material and export if any, for consideration of the case. Till then the matter is deferred. Subsequently, the applicant has submitted the requisite details/information. A gist/brief of the submission is as under:

“The unit has procured a total of 184.970 MT of batteries comprising EV batteries (2.052 MT), Industrial batteries (138.025 MT) and Portable batteries (44.894 MT) The applicant has further submitted a declaration stating that the company has not undertaken any import or export of battery waste during FY 2024 - 25 and that all recycled materials have been processed exclusively from domestically procured raw materials.” Therefore, in view of the above, the matter is placed before the EC for consideration and further deliberation.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended 2300 MT (as per the decision taken during 142nd meeting of EC held on 28th February, 2025), subject to the condition that at least 60% of the Black mass produced during the Financial Year (FY) should be recycled/refined within the country to get critical mineral/precious metals/rare earth metals.

Validity Extension / Addition of Basel No. / Name Change/Additional quantity:

1.9 M/s Attero Recycling Private Limited, Haridwar (Uttarakhand) (F.No. 23/100/2022-HSMD)

The applicant has requested for the extension of validity period of permission granted for import of 5,000 MT of used Li-Ion Battery and Cells & Nickel Battery and Cells [B1090] *vide* dated 2nd September, 2024 by at least six months. It is mentioned by applicant that they have so far imported only 8.02 MT, and the balance quantity could not be imported due to persistent and unforeseen geopolitical instability in Europe and the Middle East, especially the recent conflict between Iran and Israel. These developments severely disrupted global logistics and impacted commercial transactions, thereby hampering the timely import of the approved quantity.

Recommendation: The EC after deliberation on the proposal, recommended extension of validity for 06 months from the date of expiry of the permission granted for import 5,000 MT of used Li-Ion Battery and Cells & Nickel Battery and Cells [B1090] *vide* letter dated 2nd September, 2024 i.e. up to 1st September, 2026. No further extension will be given.

1.10 M/s Birla Metals & Alloys LLP, Rangareddy, Telangana (F.No.23/69/2025-HSM)

The applicant has requested *vide* letter dated 13th February, 2026 for change of name from M/s Birla Metals & Alloys LLP to M/s Birla Metals & Alloys Private Limited in the permission granted for import of 629 MT of Lead Scrap/Battery Scrap as per (ISRI Code: Radio, Racks, Ropes, Rails, rents, Rakes, Relay, Roses, Reels, lead grids, Lead paste, Lead dross in crushed or powder form (B1020) *vide* letter dated 12th February, 2026. The applicant has submitted the ROC Certificate along with Form URC-1, copy of PAN and GST Certificate in the changed name, and applicant had also submitted Renewed CCA order no. 336-MBNR/TGPCB/ZOH/CFO/2026-2021 dated 19th February, 2026 valid up to 31st October, 2030 w.r.t name change of the company.

Recommendation: The EC after deliberation on the proposal, recommended to amend the change of name from M/s Birla Metals & Alloys LLP to M/s Birla Metals & Alloys Private Limited in the permission granted for import of 629 MT of Lead Scrap/Battery Scrap as per (ISRI Code: Radio, Racks, Ropes, Rails, rents, Rakes, Relay, Roses, Reels, lead grids, Lead paste, Lead dross in crushed or powder form (B1020) *vide* letter dated 12th February, 2026.

AGENDANO. 2: IMPORT OF USED RUBBER/ TYRES SCRAP **(BASELNO. B3140/B3080/B3040)**

2.1 M/s Shivalik Reclamations Private Limited, Ranchi, Jharkhand (F.No.23-60-2009-HSMD).

The application (App ID-SW2407035890-M014_D001_A304-1770356331309) pertains to import of 16,000 MT of old/used rubber tyre scrap/tube scrap (B3140). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization No. JSPCB/RO/RNC/CTO-20901312/2025/16 dated 28th March, 2025 is valid up to 31st March, 2027. The consented capacity for Crumb Rubber Powder is 100 TPD etc. The date of establishment is 1990. The actual date of operation is 1990. The production in last FY (FY 2024-25) is 24,221 MT. The export is Nil. The unit has connected load of 650 KVA & Generator installed is 200 KVA and 400 KVA and respective electricity bill paid is Rs. 1,78,50,877/- & Fuel consumed for generator is Rs 32,69,835/- in FY 2024-2025. During FY 2024-2025, GST output tax is Rs 39703450/-, GST Input tax Rs is 1,90,57,656/- & GST tax paid is Rs 2,06,45,794/-. The domestic purchase was 11,646 MT out of 19,651 MT in FY 2024-25. The previous permission was given for the import of 15,000 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 20th March, 2025. The site visit was conducted by CPCB on 27th February, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 16,000 MT of old/used rubber tyre scrap/tube scrap (B3140) for manufacturing of crumb rubber/reclaim rubber.

2.2 M/s Cresnet Rubbers, Kottayam, Kerala (F. No. 23/61/2022-HSMD).

The application (App ID-SW4975412502-M014_D001_A304-1770463309797) pertains to import of 10,000 MT of old/used rubber tyre scrap/tube scrap

(B3140/B3080/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization No. KSPCB/KT/ICO/10055224/VAR/2024 dated 08th January, 2024 is valid up to 31st January, 2029. The consented capacity for Rubber Waste Powder is 10,000 MT. The date of establishment is 25th April, 2004. The actual date of operation is 25th April, 2004. The production in last FY (FY 2024-25) is 9,756 MT. The export is 46 MT (FY 2024-25). The unit has connected load of 75 KW and respective electricity bill paid is Rs11,36,771/- & Fuel expenses is Rs 8,27,663/ in FY 2024-2025. During FY 2024-2025, Gross Sales is Rs 8,68,03,304.59, Net Sales is Rs 7,31,19,864.05/-, GST (Rs) is Rs 1,27,43,985.28/- & GST paid is 27,10,612.00 /- in FY 2024-25. The domestic purchase was 3,910 MT out of 10,140 MT in FY 2024-25. The previous permission was given for the import of 3,566 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 15th April, 2024. The site visit was conducted by CPCB on 27th January, 2022.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 6,534 MT of old/used rubber tyre scrap/tube scrap (B3140/B3080/B3040) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 3,267 MT) may be granted now and the rest 50% (i.e. 3,267 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.3 M/s Ganpati Rubbertech LLP (Formerly known as Ganpati Industries Unit-II), Durg, Chhattisgarh (F.No. 23/60/2022-HSMD).

The application (App ID-SW0270705012-M014_D001_A304-1770907092928) pertains to import of 30,000 MT of old/used rubber tyre scrap/tube scrap (B3140). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. 5201/RO/TS/CECB/2026 (name change) dated 22nd January, 2026 is valid up to 4th October, 2029 and authorization No. 11555/HSMD/HO/CECB/2026 dated 29th January, 2026 is valid up to 26th December, 2026. The consented capacity for Rubber Crumb & Granules from waste tyre is 1,99,000 MT etc. The date of establishment is 07th August, 2015. The actual date of operation is 24th November, 2015. The production in last FY (FY 2024-25) is 28,839 MT. The export is nil (FY 2024-25). The unit has connected load of 750 KVA and respective electricity bill paid is Rs 1,98,80,914/- in FY 2024-2025. During FY 2024-2025, Input GST Amount is Rs. 4,29,04,202/-, Output GST Amount is Rs. 6,16,06,247/- & Net GST Amount is Rs. 1,87,02,045 /- in FY 2024-25. The domestic purchase was 10,186 MT out of 29116 MT in FY 2024-25. The previous permission was given for the import of 19,828 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 03rd July, 2024. The site visit was conducted by CPCB on 13th December, 2021.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 19,226 MT of old/used rubber tyre scrap/tube scrap (B3140) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 9,613 MT) may be granted now and the rest 50% (i.e. 9,613 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.4 M/s Green Rubber Crumb Private Limited, Raigarh, Maharashtra (F.No.23-186-2014-HSMD).

The application (App ID-SW2404616727-M014_D001_A304-1767610603238) pertains to import of 2,20,000 MT of old/used rubber tyre scrap/tube scrap (B3140 & B3080). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization No. Green/S.SI (G41) No. Format1.0/SRO/UAN No. MPCB-Consent _Amendement-000018620/CR/2511000027 dated 06th November, 2025 is valid up to 31st January, 2029. The consented capacity for Rubber crumbs & its derived product is 160000 MT/A etc. The actual date of operation is 21st November, 2013. The production in last FY (FY 2024-25) is 51,370 MT. The export is nil (FY 2024-25). The unit has connected load of 350 KW Solar Power and respective electricity bill paid is Rs 3,65,35,735/- (Total Power) in FY 2024-2025. During FY 2024-2025, GST Amount (Rs.) is 18,40,06,825/- & GST Input tax Credit availed is Rs. 14,67,140,863/- in FY 2024-25. The domestic purchase was 39,685 MT out of 52,803 MT in FY 2024-25. The previous permission was given for the import of 23,624 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 10th September, 2024. The site visit was conducted by CPCB on January, 2022.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 34,246 MT of old/used rubber tyre scrap/tube scrap & used conveyor belts scrap (B3140 & B3080) for manufacturing of crumb rubber/reclaim rubber. Further, 50% or 25,000 MT, whichever is less, of the aforesaid recommended quantity (i.e. 17,123 MT) may be granted now and the rest quantity (i.e. 17,123 MT) may be granted after submission of site visit report by CPCB stating compliance of SOP and EPR compliance details of previous financial year by the applicant and subsequent satisfactory verification report by the CPCB without referring the application to EC again.

2.5 M/s Swarna Rubber Industries LLP, Ludhiana, Punjab (F.No.23/82/2022-HSMD).

The application (App ID-SW5573744393-M014_D001_A304-1771926103640) pertains to import of 5,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. CTOA/Varied/LDH4/2024/23826989 dated 7th August, 2024 is valid up to 31st March, 2029 and authorization no. HWM/Fresh/LDH4/2021/16376522 dated 02nd October, 2021 is valid up to 01st October, 2026. The consented capacity for Reclaimed rubber, Rubber chips, Rubber crumb @ 100 Metric Tonnes/Day. The date of establishment is 06th November, 2018. The actual date of operation is 18th September, 2019. The production in last FY (FY 2024-25) is 2,162.74 MT. The export is nil (FY 2024-25). The unit has connected load of 800 KVA and respective electricity bill paid is Rs 1,38,85,773/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 1,88,30,015/- & GST ITC Rs is 1,11,98,979/-. The domestic purchase was 2038.08 MT out of 2423.22 MT in FY 2024-25. The previous permission was given for the import of 10,954 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 29th May, 2024. The site visit was conducted by CPCB on 23rd March, 2022.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,442 MT of old/used rubber tyre scrap/tube scrap (B3080/

B3140/B3040) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 721 MT) may be granted now and the rest 50% (i.e. 721 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.6 M/s Eco Crumbs & Reclaim Private Limited, Ahmednagar, Maharashtra (F.No. 23/141/2022-HSMD).

The application (App ID-SW0072336558-M014_D001_A304-1772005787385) pertains to import of 15,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization no. RO-NASHIK/CONSENT/2202001350 dated 21st February, 2022 is valid up to 28th February, 2028. The consented capacity for Tyre crumb/Granules/Mulch is 17000 MT/M etc. The date of establishment is 14th August, 2020. The actual date of operation is 22nd February, 2022. The production in last FY (FY 2024-25) is 16,974.55 MT. The export is nil (FY 2024-25). The unit has connected load of 340 KW and respective electricity bill paid is Rs 1,64,04,205/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 5,16,81,362/- & GST ITC Rs is 4,63,39,633/-. The domestic purchase was 13,108.77 MT out of 17,788.77 MT in FY 2024-25. The previous permission was given for the import of 10,329 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 3rd September, 2024. The site visit was conducted by CPCB on 8th September, 2022.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 11,316 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 5,658 MT) may be granted now and the rest 50% (i.e. 5,658 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.7 M/s Chaitanya Malhar Crumbs and Reclaim Private Limited, Pune, Maharashtra (F.No.23/62/2022-HSMD).

The application (App ID-SW0072323115-M014_D001_A304-1772014265666) pertains to import of 15,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization no. ORANGE/S.S.I (O85)/ Rev.ORANGE/I.S./(153.2) No:- Format1.0/RO/UAN No. 0000269738/CR/260100074 dated 08th January, 2026 is valid up to 31st December, 2035. The consented capacity for Tyre crumb/Granules/Mulch is 8,640 MT/M etc. The date of establishment is 02nd August, 2020. The actual date of operation is 2nd February, 2021. The production in last FY (FY 2024-25) is 13,358.93 MT. The export is nil (FY 2024-25). The unit has connected load of 248 KW and respective electricity bill paid is Rs 1,77,30,981/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 3,90,11,189.45/- & GST ITC Rs is 2,80,61,463.12/-. The domestic purchase was 12,427.16 MT out of 13,931.35 MT in FY 2024-25. The previous permission was given for the import of 8,040 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 3rd September, 2024. The site visit was conducted by CPCB on 19th January, 2022.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of

8,906 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 4,453 MT) may be granted now and the rest 50% (i.e. 4,453 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.8 M/s Divine Industries, Hisar, Haryana (F. No. 23/78/2025-HSMD).

The application (App ID-SW9716798707-M014_D001_A304-1772100983934) pertains to import of 10,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. HSPCB/Consent/:329805024HISCTO66282602 dated 11th May, 2024 is valid up to 31st March, 2029 and authorization no. HWM/HIS/2024/68484977 dated 19th June, 2024 is valid up to 31st March, 2029. The consented capacity for Crumb rubber/rubber granules/chips/mulch is 170 MT/day etc. The date of establishment is 22nd February, 2024. The actual date of operation is 11th May, 2024. The production in last FY (FY 2024-25) is 10,487.28 MT. The export is nil (FY 2024-25). The unit has connected load of 250 KWH and respective electricity bill paid is Rs 69,29,982/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 2,50,47,316.54/- & GST ITC Rs is 2,63,96,930.56/-. The domestic purchase was 11,762.13 MT out of 11,762.13 MT in FY 2024-25. The previous permission was given for the import of 1,500 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 09th July, 2025. The site visit was conducted by CPCB on July, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 6,844 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber.

2.9 M/s Prudent Reneology Private. Limited, Dhule, Maharashtra (F.No.23/97/2025-HSM)

The application (App ID-SW0100438890-M014_D001_A304-1772111069328) pertains to import of 6,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. and authorization no. GREEN/S.S.I. (G48) No:- Format1.0/SRO/ UAN No.0000167325/ CO/2304000635 dated 11th April, 2023 is valid up to 31st March, 2029. The consented capacity for Rubber Chips/Granules/ Mulch/Shreds etc is 64000 MT/A etc. The date of establishment is 28th July, 2022. The actual date of operation is 11th April, 2023. The production in last FY (FY 2024-25) is 5971.500 MT. The export is nil (FY 2024-25). The unit has connected load of 510 KW and respective electricity bill paid is Rs 69,29,982/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 2,09,55,405/- GST ITC details Rs is 1,94,39,842/-. The domestic purchase was 7860.287 MT out of 7952.018 MT in FY 2024-25. The previous permission was given for the import of 4,131 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 12th September, 2025. The site visit was conducted by CPCB on 24th July, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 3,981 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) manufacturing of crumb rubber/reclaim rubber.

2.10 M/s M D Enterprises, Hisar, Haryana (F. No. 23/9/2024-HSM)

The application (App ID-SW0264930828-M014_D001_A304-1772278722436) pertains to import of 3,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No. HSPCB/ Consent/: 329805023HISCTO37754621 dated 13th June, 2023 is valid up to 31st March, 2028 and authorization no. HWM/HIS/2023/40360568 dated 19th July, 2023 is valid up to 30th September, 2028. The consented capacity for Crumb rubber/Rubber Granules/chips/mulch is 88 MT/day etc. The date of establishment is 8th April, 2023. The actual date of operation is 13th June, 2023. The production in last FY (FY 2024-25) is 1,650 MT. The export is nil (FY 2024-25). The unit has connected load of 125 KW and respective electricity bill paid is Rs 7,87,540.72/- in FY 2024-2025. During FY 2024-2025, GST amount is Rs 29,26,660/- & GST ITC details Rs is 33,83,612/-. The domestic purchase was 430.232 MT out of 1,855.289 MT in FY 2024-25. The previous permission was given for the import of 1,500 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 30th January, 2024. The site visit was conducted by CPCB on 7th December, 2023.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,100 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber.

2.11 M/s Shree Sadanand Rubber Industries, Jhajjar, Haryana (F.No.23-145/2016-HSMD).

The application (App ID-SW2404215370-M014_D001_A304-1765365429527) pertains to import of 20,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No HSPCB/Consent/ : 12074104426JHACTO130150660 Dated 27th January, 2026 Valid up to 31st March, 2031 and authorization No. HWU/JHA/2021/16840178 dated 23rd November, 2021 is valid up to 31st March, 2026. The consented capacity of Rubber Chips and Granules is 200 MT/day. The date of establishment is 10th March, 2016. The actual date of operation is 14th October, 2016. The production in last FY (FY 2024-25) is 19,310.845 MT. The export is nil. The unit has connected load 250 KW and respective electricity bill paid is Rs. 1,33,57,293/- in FY 2024-2025. During FY 2024-25 GST amount is Rs 2,88,59,021.75/-, The Input Tax Credit (ITC) details - 2,61,70,853.42/-. The domestic purchase was 11,161.52 MT out of 19,615.91 in FY 2024-25. The previous permission was given for the import of 11,103 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 04th July, 2024 and 24th October, 2025. The site visit was conducted by CPCB on 20th August, 2025.

The matter was considered in 152nd Expert committee meeting held on 22nd and 23rd December 2025, Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended clarification from the applicant regarding the procurement of raw material and low value addition in case of GST. Till than the matter is deferred.

Subsequently, the applicant has submitted the requisite clarification stating that the raw materials were procured during a period of inadequate availability and exceptionally high market demand, which resulted in significantly increased procurement costs. It has been submitted that after processing the raw materials into finished products and by-products, prevailing market conditions and competitive pressures compelled the unit to sell the

products at comparatively lower prices, at times even below procurement cost. As a result, the value addition reflected in GST appeared low. The applicant has requested that these market conditions, from procurement to sale, may be considered while evaluating the application. In view, the matter is placed before the EC for consideration and further deliberation

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 12,826 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber.

2.12 M/s Rubtech Reclaim Private Limited, Bharuch, Gujarat (F.No.23/65/2022-HSMD).

The application (App ID-SW2406105184-M014_D001_A304-1759935977651) pertains to import of 10,000 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. AWH - 139571 dated 09th January, 2025 is valid up to 30th June, 2029. The consented capacity for WTR Reclaim Rubber is 350 MT/M, Butyle Reclaim Rubber is 350 MT/M, Natural Reclaim Rubber is 350 MT/M, Crumb Rubber/ Rubber Chips/ Rubber mulch is 6000 MT/month. The date of establishment is 19th December, 2014. The actual date of operation is 19th December, 2014. The production in last FY (FY 2024-25) is 7,045 MT. The export is nil. The unit has connected load of 475 KVAH and respective electricity bill paid is Rs. 58,72,450/- in FY 2024-2025. During FY 2024-25 GST was Rs.1,27,15,188.16/- & Input GST claimed was Rs 1,13,92,595.14/-. The domestic purchase was 5,750 MT out of 7,547.395 MT in FY 2024-25. The previous permission was given for the import of 9,189 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 3rd July, 2024. The site visit was conducted by CPCB on 18th November, 2022.

The matter was discussed in 150th EC held on 14th October, 2025, based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 4,697 MT of old/used rubber tyre scrap/tube scrap (B3080/B3040/B3140). EC found that the difference between the Gross GST amount & Input tax credit (ITC) is hardly around 10% i.e. the value addition is very low, so EC asked the application to clarify the reason for very low value addition. Permission may be given only after satisfactory reply, without referring to EC again.

Subsequently, the applicant has submitted the requisite clarification stating that value addition in processing of waste tyres is generally low, as the activity mainly involves collection and mechanical processing such as cutting, shredding or breaking into intermediate products. The finished products, including reclaimed rubber, rubber crumbs, tyre chips and scrap steel, have comparatively low market value. It has been submitted that a substantial portion of turnover is incurred towards procurement of waste tyres, transportation, electricity, fuel and machinery, on which GST is paid, resulting in significant Input Tax Credit (ITC). Since the process does not involve substantial transformation or enhancement, the value addition remains minimal. The applicant has further stated that due to competitive market conditions, products are sometimes sold at very low prices, leading to adjustment of outward GST liability against available ITC and consequently low net GST payable. In view, the matter is placed before the EC for consideration and further deliberation.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of

4,696 MT of old/used rubber tyre scrap/tube scrap (B3080/B3040/B3140) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 2,348 MT) may be granted now and the rest 50% (i.e. 2348 MT) after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.13 M/s Eric Rubber, Ahmedabad, Gujarat (F. No. 23/7/2022-HSMD).

The application (App ID-SW0071987538-M014_D001_A304-1759143046422) pertains to import of 20,000 MT of Old/ Used rubber tyre scrap /tube scrap (B3080/B3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control Equipment. The Consented to Operate and authorization No AW-82317 dated 28th April, 2025 and with validity 31st March, 2030. The consented capacity of Crumb rubber is 5,000 MT/M. The date of establishment is 16th March, 2020. The actual date of operation is 30th June, 2020. The production in last FY (FY 2024-25) is 23,468 MT. The export is nil. The unit has connected load of 145 KVAH and respective electricity bill paid is Rs.1,79,57,500/- in FY 2024-2025. During FY 2024-2025, Input GST was Rs.6,27,52,196/- & GST amount was of Rs.7,23,02,561/-. The domestic purchase was 12,054.48 MT out of 25,029 MT in FY 2024-25. The previous permission was given for the import of 11,707 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 3rd September, 2024. The site visit was conducted by CPCB on 10th December, 2021.

The matter was discussed in 150th EC held on Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 15,646 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040). Further, 50% of the aforesaid recommended quantity (i.e. 7,823 MT) may be granted now and the rest quantity (i.e. 7,823 MT) may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again. EC found that the difference between the Gross GST amount & Input tax credit (ITC) is hardly around 10% i.e. the value addition is very low, so EC asked the application to clarify the reason for very low value addition. Permission may be given only after satisfactory reply, without referring to EC again.

Subsequently, the applicant has submitted clarification stating that value addition in waste tyre processing is inherently low, as the activity mainly involves collection and mechanical processing such as cutting, shredding or breaking tyres into simpler products. The finished products, including rubber crumbs, tyre chips and scrap steel, have limited market value and are sold at competitive rates. It has been submitted that a major portion of turnover is incurred towards procurement of waste tyres, transportation, electricity, fuel and other operational costs, on which GST is paid, resulting in substantial ITC. Since the process does not significantly enhance the intrinsic value of the material and margins in this B2B, price sensitive sector are generally low, most of the outward GST liability is adjusted against ITC, leading to low net GST payable. In view, the matter is placed before the EC for consideration and further deliberation.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 15,646 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of crumb rubber/reclaim rubber. Further, 50% of the aforesaid recommended quantity (i.e. 7,823 MT) may be granted now and the rest quantity (i.e. 7,823 MT) may be granted after submission of site visit report by CPCB

stating compliance of SOP without referring the application to EC again.

2.14 M/s PP Granulator, Kachchh, Gujarat (F.No. 23/60/2025-HSM).

The application (App ID-SW2407103961-M014_D001_A304-1765543491344) pertains to import of 10,000 MT of old/used rubber tyre scrap/tube scrap (B3080 & B3140). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. H-70153 dated 05th February, 2024 is valid up to 30th June, 2028. The consented capacity Rubber Granules is 2820 MT per month, MS Scrap is 705 MT per month. The date of establishment is 25th October, 2023. The actual date of operation is 05th February, 2024. The production in last FY (FY 2024-25) is 9,783 MT. The export is nil. The unit has connected load and respective electricity bill paid is Rs. 69,45,930/- in FY 2024-2025. During FY 2024-25 GST paid is Rs 1,51,54,756/-, Paid Differential GST is 15,47,727.8/-, The Input Tax Credit (ITC) is 1,67,02,483.8/- (FY 2024-25). The previous permission was given for the import of 1,500 MT of Used Rubber Tyre/Tube Scrap *vide* letter dated 28th May, 2025. The site visit was conducted by CPCB on 21st October, 2024.

The matter was considered in 152nd Expert committee meeting held on 22nd December, 2025, Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended clarification from the applicant regarding the procurement of raw material and discrepancy in GST paid and Input Tax credit. Till then the matter is deferred.

Subsequently, the applicant has submitted the requisite details along with a revised CA Certificate and supporting annexures. The applicant has clarified the procurement details of raw materials and furnished reconciliation of GST paid vis-à-vis Input Tax Credit, explaining the reasons for the apparent discrepancy. As per the submission, the difference arose due to accounting adjustments, timing differences in availing ITC and reporting in GST returns, and reconciliation of purchase and sales records. In view of the above clarification and documents submitted, the matter is placed before the EC for consideration and further deliberation.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal recommended import of 6,522 MT of old/used rubber tyre scrap/tube scrap (B3080 & B3140) for manufacturing of crumb rubber/reclaim rubber.

2.15 M/s Khemco Rubber Products LLP, Chennai, Tamil Nadu (New Application).

The application (App ID-SW0102192842-M014_D001_A304-1766995240494) pertains to import of 70,000 MT of old/used rubber tyre scrap/tube scrap (B 3080/B 3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No 2504271437645 dated 06th December, 2025 is valid up to 31st March, 2031 and authorization No. 26HFC72836752 dated 25th February, 2026 is valid up to 31st March, 2030. The consented capacity for Rubber Chips/Rubber Mulch/crumb Rubber/ Rubber granules is 52000 MT/A etc. The date of establishment is 30th May, 2025. The actual date of operation is 06th December, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of rubber

crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.16 M/s Sun Exim India, Moga, Punjab (New Application).

The application (App ID-SW0269854015-M014_D001_A304-1770284179799) pertains to import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B 3080/B 3140/B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No CTOA/Fresh/MOG/2025/30055500 dated 16th October, 2025 is valid up to 30th September, 2035 and authorization No. HWM/Fresh/MOG/2025/30414113 dated 12th December, 2025 is valid up to 31st March, 2030. The consented capacity for Crumb Rubber is 4,800 MT/Y, Shredded Tyre/Rubber Blocks is 1200 MT/Y etc. The date of establishment is 08th April, 2025. The actual date of operation is 16th October, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.17 M/s Balaji Industry, Mahbubnagar, Telangana (New Application).

The application (App ID-SW0270359387-M014_D001_A304-1770722578332) pertains to import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. 1193-MBNR/TGPCB/ZOH/TGiPass/CFO/2026 - 1847 dated 21st January, 2026 is valid up to 31st December, 2030 The consented capacity for Crumb Rubber Powder and Rubber granules from scarp is 50,000 TPA etc. The date of establishment is 6th December, 2024. The actual date of operation is 21st January, 2026.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3040) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.18 M/s Kashi Waste Management, Meerut, Uttar Pradesh (New Application).

The application (App ID-SW0270530576-M014_D001_A304-1770826165332) pertains to import of 15,000 MT of old/used rubber tyre scrap/tube scrap (B3140). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. 217239/UPPCB/Meerut(UPPCBRO)/CTO/both/MEERUT/2024 dated 24th August, 2024 is valid up to 31st May, 2029. The consented capacity for Crumb Rubber & Rubber Compound is 70 MT/day etc. The date of establishment is 08th August, 2023. The actual date of operation is 24th April, 2024.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3140) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.19 M/s Ecowaves Allied Industries Pvt. Ltd, Palghar, Maharashtra (New Application).

The application (App ID-SW0102539331-M014_D001_A304-1770963526802) pertains to import of 5,000 MT of old/used rubber tyre scrap/tube scrap (B3140/B3040/B3080). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. GREEN/S.S.I (/ Rev. ORANGE/I.S./ (142.1) No:- Format1.0/RO(BMW)/ UAN No. MPCBCONSENT- 0000267897/ CO/2512001920 dated 22nd December, 2025 is valid up to 30th November, 2031. The consented capacity for Rubber Crumb is 100 T/day etc. The date of establishment is 13th February, 2025. The actual date of operation is 22nd December, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.20 M/s Nave Engineering Private Limited, Sangareddy, Telangana (New Application).

The application (App ID-SW0072668419-M014_D001_A304-1753958198295) pertains to import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3140/B3080). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. CCA Amendment order No. PASHA/ 238/PCB/ZO/RCP/2024-204 (Name change) dated 11th July, 2024 is valid up to 31st October, 2028. The consented capacity for Crumb rubber powder is 23,000 TPA. The date of establishment is 23rd June, 2010. The actual date of operation is 01st July, 2017.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.21 M/s Tyromer Technology Private Limited, Chittoor, Andhra Pradesh (New Application).

The application (App ID-SW0252491088-M014_D001_A304-1756967860896) pertains to import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3140). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No and authorization No. CCA Amendment order

No. Amendment order No. Lr.No.CTR8/APPCB/ZO-TPT/TECHNICAL/2026-50 dated 12th January, 2026 is valid up to 28th February, 2027. The consented capacity for Products is Crumb Rubber (Granules) is 20000 TPA and De – Vulcanized Rubber Sheets is 8000 TPA Used Rubber Tyres Scrap / Tubes Scrap (Multiple Cuts / Press baled / Shredded) is 33,000 MT. The date of establishment is 26th June, 2023. The actual date of operation is 24th April, 2024. The production in last FY (FY 2024-25) is 9167.25 MT. The export is nil. The unit has connected load and respective electricity bill paid is Rs. 69,45,930/- in FY 2024-2025. During FY 2024-25 GST paid is Rs 1,51,54,756/-, Paid Differential GST is 15,47,727.8/-, The Input Tax Credit (ITC) is 1,67,02,483.8/- (FY 2024-25).

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3140) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

2.22 M/s Gobindgarh Reclaim India Private Limited, Fatehgarh Sahib, Punjab (New Application).

The application (App ID-SW0268208950-M014_D001_A304-1772181862006) pertains to import of 5,000 MT of old/used rubber tyre scrap/tube scrap (B3080/3140/3040). The applicant has furnished Form 5, Process flow chart indicating adequate pollution control equipment. The Consent to Operate No CTOA/Fresh/FGS/2025/30544195 dated 31st December, 2025 is valid up to 29th December, 2026 and authorization No. HWM/Fresh/FGS/2026/31039718 dated 11th February, 2026 is valid up to 29th December, 2026. The consented capacity for Rubber Crumbs @18Metric Tonnes/Day etc. The date of establishment is 08th may, 2025. The actual date of operation is 31st December, 2025.

Recommendation: Based on the information/details submitted by the applicant, the EC after deliberation on the proposal, recommended import of 1,500 MT of old/used rubber tyre scrap/tube scrap (B3080/B3140/B3040) for manufacturing of rubber crumb/reclaim rubber. Further, the aforesaid recommended quantity may be granted after submission of site visit report by CPCB stating compliance of SOP without referring the application to EC again.

Validity Extension / Addition of Basel No. / Name Change/Additional quantity:

2.23. M/s A P Rubber Industries, Haridwar, Uttarakhand (F.No.23-91-2014-HSMD)

The applicant has informed that MoEF&CC had earlier granted permission *vide* letter No. 23-91-2014-HSMD dated 16th May, 2025 for 50% quantity (2,978 MT) for import of Old/Used Rubber Tyre Scrap (B3040) and subsequently *vide* letter dated 08th December, 2025 for the remaining 50% quantity (2,978 MT). The applicant has now informed that an export quantity of 339.475 MT was inadvertently not mentioned at the time of filing the online application and has furnished shipping bill-wise export details duly certified by a Chartered Accountant Now, the applicant has requested for grant of additional permission based on the revised export details submitted. Therefore, the matter is placed before the EC for consideration and deliberation.

Recommendation: Based on the information/details submitted by the applicant, the

EC, after deliberation on the proposal, recommended amendment in the import permission granted *vide* letter No. 23-91-2014-HSMD dated 16th May, 2025 and 08th December, 2025, to allow import of a total quantity of 6,182 MT of Old/Used Rubber Tyre Scrap/Tube Scrap (B3040). The amendment is recommended in view of the revised export details submitted by the applicant.

2.24. M/s GRP Ltd, Bharuch, Gujarat (F.No. 23-93-2014-HSMD).

The applicant has requested for the extension of validity period of permission granted for import of 23,944 MT of Old & used Rubber Tyre Scrap (B3140 & B3080) *vide* letter dated 11th October, 2024 by at least six months. It is mentioned that against the approved quantity, they have imported only 1,714.00 MT. The balance quantity could not be imported due to persistent geopolitical issues in Europe and the Middle East, which severely disrupted logistics and adversely impacted.

Recommendation: The EC after deliberation on the proposal, recommended extension of validity for 06 months from the date of expiry of the permission granted for import of 23,944 MT of old & used Rubber Tyre Scrap (B3140 & B3080) *vide* letter dated 11th October, 2024 i.e. up to 10th October, 2026. No further extension will be given.

2.25. M/s Coastal Rubbers, Prakasam, Andhra Pradesh (F.No.23-29-2015-HSMD).

The applicant has requested for the extension of validity period of permission granted for import of 2,310 MT of Old & used Rubber Tyre Scrap (B3140 & B3080) *vide* letter dated 03rd September, 2024 and 18th March, 2025 by at least six months. The applicant has stated that, against the approved quantity, the imports could not be completed due to disruptions in Eastern Europe, which have led to a significant increase in maritime shipping costs and a shortage of containers in the international market. The applicant has further submitted that these challenges have caused delays in utilising the granted import permission.

Recommendation: The EC after deliberation on the proposal, recommended extension of validity for 06 months from the date of expiry of the permission granted for import of 2,310 MT of old & used Rubber Tyre Scrap (B3140 & B3080) *vide* letter dated 03rd September, 2024 and 18th March, 2025 i.e. up to 2nd September, 2026. No further extension will be given.

2.26. M/s Shree Sadanand Rubber Industries, Haryana (F.No. 23-145/2016-HSMD).

The applicant has stated that they received renewed Consent HSPCB/CONSENT/:12074104426JHACTO130150660 dated 27th January, 2026 valid up to 31st March, 2031 & Authorization No: HWM/JHA/2026/18258994 dated 05th February, 2026 valid up to 31st March, 2031 from the Regional Office, Haryana Pollution Control Board, and requested to amend permission granted for import of 11,103 MT of Old/Used Rubber Tyre Scrap/Tube Scrap (B3080/B3140) *vide* letter dated 4th July 2024 and 24th October, 2025 as per below:

Sr. No.	CCA details mentioned in the NOC	CCA details <u>REQUIRED</u> in NOC
01	HSPCB/Consent/ 32980502IJHACTO8506208	HSPCB/Consent/ 12074104426JHACTO130150660

Dated 21 st January, 2021 Valid up to 31 st March, 2026	Dated 27 th January, 2026 Valid up to 31 st March, 2031
---	---

Recommendation: The EC after deliberation on the proposal, recommended to amend the validity in condition No. 05 in MoEF&CC permission granted for import of 11,103 MT of Old/Used Rubber Tyre Scrap/Tube Scrap (B3080/B3140) vide letter dated 4th July 2024 and 24th October, 2025 as written below:

“The permission is valid for 18 months from the date of issue of this permission or till the validity of Consolidated CTO & Authorization (No. HSPCB/Consent/: 12074104426JHACTO130150660 dated 27th January, 2026 Valid up to 31st March, 2031) issued by Haryana State Pollution Control Board, whichever is earlier.”

2.27. M/s Delta Rubbertech, Jamnagar, Gujarat (F.No. 23/26/2023-HSMD).

The applicant has stated that they received renewed Consolidated Consent and Authorization No AWH091524 dated 15th December, 2025 valid up to 26th November, 2030 from the Regional Office, Gujarat Pollution Control Board, and requested to amend permission granted for import of 17,960 MT of Old/Used Rubber Tyre Scrap/Tube Scrap (B3080/B3140) vide letter dated 20th May, 2025 as per below:

Sr. No.	CCA details mentioned in the NOC	CCA details REQUIRED in NOC
01	No. AWH-44487 dated 08 th December 2020 Valid up to 07 th December, 2025	No. AWH091524 dated 15 th December, 2025 valid up to 26 th November, 2030

Recommendation: The EC after deliberation on the proposal, recommended to amend the validity in condition No. 05 in MoEF&CC permission granted for import of 17,960 MT of Old/Used Rubber Tyre Scrap/Tube Scrap (B3080/B3140) vide letter dated 20th May, 2025 as written below:

“The permission is valid for 18 months from the date of issue of this permission or till the validity of Consolidated CTO & Authorization (No. AWH091524 dated 15th December, 2025 valid up to 26th November, 2030) issued by Gujarat Pollution Control Board, whichever is earlier.”

2.28. M/s Nine Corporation (Unit-II), Kachchh, Gujarat (F.No.23/8/2018-HSMD).

The applicant has requested for change of address from 3373/1, Phase-4, GIDC, Chhatral, Kalol, Gandhinagar, Gujarat - 382729 to Survey/Block No. 50, Mundra, Mokha, Kachchh, Gujarat - 370410 in the permission granted for import of 29,448 MT of old/used Rubber Tyre Scarp/Tube Scarp (B3140 and B 3080) vide letter dated 30th July, 2025 & 2nd January, 2026 and corrigendum issued vide letter dated 5th January, 2026. Applicant has submitted document like new CTO, GST Certificate IEC & copy of PAN Card with the name changed.

Recommendation: The EC during deliberation noted that the instant case is not merely changes in the address of the existing Unit i.e. M/s Nine Corporation to which earlier import permission was given, but the applicant has now established a new Unit in the name of M/s

Nine Corporation (Unit-II), Kachchh, Gujarat and obtained fresh Consolidated Consent and Authorisation (CC&A) CCA No. AWH-91002 Appl. Type: CCA-Fresh dated 02.12.2025 and valid till 18.11.2030. Therefore, EC was of the opinion that case may be discussed in the next meeting. Till then the matter is deferred.

AGENDA NO. 3. IMPORT OF ANODE BUTTS (B2090)/ TITANIUM POWDER (B1031)/ PET FLAKES (B3011)/SPENT CATALYST (B1120)

3.1 M/s Sulochana Cotton Spinning Mills Private Limited, Tiruppur, Tamil Nadu (F.No. 23/20/2022-HSM).

The application (App ID- SW5045991846-M014_D001_A304-1767960531240) pertains to import 18,000 MT of Pet flakes (B 3011). The applicant has furnished Form 5, justification for import, chemical analysis report of the waste to be imported from accredited laboratory, process flow chart indicating adequate pollution control equipment and acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). The Consent to Operate No. 2308151722189 dated 27th April, 2023 is valid till 31st March, 2028 and Authorisation No. 23PRD52772907 dated 14th July, 2023 is valid till 31st March, 2026. The consented/authorized capacity of PET Flakes is 3,000 T/M, PET Master Batch is 150 T/M. The previous permission was given for the import of 4,080 MT of pet flakes *vide* letter dated 05th July, 2024 and 06th June, 2025 (extension).

The matter was discussed in 153rd EC held on 30th January, 2026, During deliberation, EC noted that the applicant has not provided the details regarding production during the financial year 2024-25 and procurement/process of domestic waste as well. Therefore, EC recommended that applicant may provide the requisite details for further consideration of the case. Till then the matter was deferred. Subsequently, the applicant has submitted the requisite details/information; therefore, the matter is placed before the EC for consideration and further deliberation.

Subsequently, the applicant has submitted the required information. As per the Chartered Accountant's certificate, during FY 2024–25, the unit procured 22,341.15 MT of PET bottles (domestic) and 13,355.26 MT of PET flakes (domestic), with no imports reported. The total PSF production during FY 2024–25 was 29,270.98 MT, with capacity utilization of 74%. Further, month-wise details indicate total PET scrap receipt of 29,040.96 MT, total consumption of 29,270.98 MT and Polyester Staple Fibre (PSF) sales of 23,230.47 MT during April 2024 to March 2025. In view, the matter is placed before the EC for consideration and further deliberation.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 4,390 of PET Flakes (B3011) (as per the policy recommend in 116th EC meeting held on 24th August, 2022).

3.2 M/s Ganesha Ecosphere Limited, Udham Singh Nagar, Uttarakhand (F.No. 23/21/2022-HSMD).

The application (App ID- SW9965800104-M014_D001_A304-1770361633094) pertains to import 5,796 MT of Pet Flakes (B3011). The applicant has furnished Form 5, justification for import, chemical analysis report of the waste to be imported from

accredited laboratory, process flow chart indicating adequate pollution control equipment and acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). The Consent to Operate No. and Authorisation No. UKPCB/HO/Con/G-34/2023/011 dated 21st October, 2023 is valid up till 31st March, 2028. The consented/authorized capacity of Recycled Polyester Fibre is 3300 MT/M. The production in FY (2024-25) is 37,405.892 MT and export was 1,847.465 MT. The previous permission was given for the import of 5,712 MT of pet flakes vide letter dated 09th August, 2024.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal recommended import of 5,795 of PET Flakes (B3011) (as per the policy recommend in 116th EC meeting held on 24th August, 2022).

3.3 M/s Reliable Metal Refinery, Mumbai Suburban, Maharashtra (New Application).

The application (App ID- SW0266593863-M014_D001_A304-1768062082536) pertains to import of 3,600 copper dross, copper ash, copper dross, copper residues, copper catalyst, copper oxide, copper mill scale, copper wire jelly filled copper alloys brass dross brass ash brass residues (B1100). The applicant has furnished Form 5, justification for import, chemical analysis report of the waste to be imported from accredited laboratory, process flow chart indicating adequate pollution control equipment and acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). The Consent to Operate No. and Authorisation No. Red/S.SI (R33) No. Format1.0/RO (BMW)/UAN No. 0000201696/CR/2407002710 dated 29th July, 2024 is valid till 30th April, 2029. The consented/authorized capacity of Zinc Ingots & Alloys, Brass Ingots & Alloys, Copper Ingots & Alloys, Aluminium Ingots & Alloys, Nickel Ingots is 220 MT/M.

Recommendation: Based on the information and details submitted by the applicant, the EC after deliberation on the proposal, recommended site visit report by CPCB stating compliance of SOP. Till then the matter is deferred.

3.4 M/s Madhav KRG Environmental Solutions Pvt. Ltd, Fatehgarh Sahib, Punjab (New Application).

The application pertains to import of 3,000 Ton of Exhaust Air or Gas cleaning residue (APCD Dust) (A4100). The applicant has furnished Form 5, justification for import, chemical analysis report of the waste to be imported from accredited laboratory, process flow chart indicating adequate pollution control equipment and acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB) / Pollution Control Committee (PCC). The Consent to Operate No. and Authorisation No. CTOW/Renewal/FSG/2024/229655878 dated 02nd January, 2024 with validity 31st December, 2024. The consented/authorized capacity Schedule I 35.1 Exhaust Air or Gas cleaning residue is 12,000 T per Annum. The unit has work strength of 250 nos. of employees.

The matter was discussed in 139th EC held on 29th November, 2024, the EC after deliberation on the proposal, recommended CPCB to conduct a site visit to understand the process, supply chain, domestic details, material composition, machinery etc. and submit a report to the Ministry. Till then the matter is deferred. Now, the CPCB has submitted the report stating that unit is complying with SOP and hence the matter is placed before EC.

Recommendation: Based on the information and CPCB site visit inspection report submitted by the CPCB, the EC after deliberation on the proposal, recommended CPCB to provide clarification as in report it is mentioned that company is partially complying in case of APCD residue while the report is concluded as “Unit is complying with the SOP”. Till then the matter is deferred.

AGENDA ITEM NO. 4: IMPORT/ EXPORT OF USED ELECTRICAL AND ELECTRONIC ASSEMBLIES/E-Waste (PCBs) (B1110)

Import of Used Electrical and Electronic assemblies:

4.1 M/s Gates India Private Limited, S.A.S Nagar, Punjab (New Application).

The application (App ID- SW9276458325-M014_D001_A304-1770871856197) pertains to import of 01 No units of Testing equipment [i.e. Starrett profile 360 4SNSR] (B1110) for Self use. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and residual life is 15 years.

Recommendation: The EC after deliberation on the proposal recommended import of 01 No units of Testing equipment [i.e. Starrett profile 360 4SNSR] (B1110) for Self use, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time.

4.2 M/s KK Wind Solutions India Private Limited, Bangalore Rural, Karnataka (New Application).

The application (App ID- SW0266999049-M014_D001_A304-1768902279534) pertains to import of 01 set of used Testing equipment [i.e. 1 Set (consisting of 12 Items)] (B1110). The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2019 and residual life is more than 5 years.

Recommendation: The EC after deliberation on the proposal recommended import of 01 set of used Testing equipment [i.e. 1 Set (consisting of 12 Items)] (B1110), subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time.

4.3 M/s Vivo Mobile India Private Limited, Gautam Buddha Nagar, Uttar Pradesh (F.No. 23/126/2024-HSM).

The application (App ID-SW7645873615-M014_D001_A304-1771396851060) pertains to import of 115 of Used machinery to be Imported for Assembly line in Manufacturing of Mobile Phone (B1110). The applicant has furnished Form 5, justification

for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2025-2026 and residual life is 6 to 5 years. The previous permission was granted for import of 34 Nos. of used machinery *vide* letter dated 19th January, 2026.

Recommendation: The EC after deliberation on the proposal recommended import of 115 of Used machinery to be Imported for Assembly line in Manufacturing of Mobile Phone, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time.

Import of High End High Value Used Medical Devices

4.4 M/s Invitrogen Bio Services India Private Limited, Bangalore Urban, Karnataka (F.No.23/2/2024-HSM).

The application (App ID-SW2404491079-M014_D001_A304-1770532127821) pertains to import of 4 Nos of Refurbished/Used medical devices [i.e. (a) Bigfoot Spectral Cell Sorter i.e Molecular Diagnostic – Molecular infectious disease diagnostics system – 1, (b) iBright™ Imaging System i.e. Image Management System -1, (c) Attune™ NxT Acoustic Focusing Cytometer – 1 & (d) CytKick™ MAX Autosampler i.e. Flow control pump] (B1110) for R&D purpose. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2023 and residual life is 10 years. The previous permission was granted for import of 07 Nos. (for R&D purpose) of Refurbished/Used medical devices *vide* letter dated 17th February, 2026.

Recommendation: The EC after deliberation on the proposal recommended import of 4 Nos of Refurbished/Used medical devices [i.e. (a) Bigfoot Spectral Cell Sorter i.e Molecular Diagnostic – Molecular infectious disease diagnostics system – 1, (b) iBright™ Imaging System i.e. Image Management System -1, (c) Attune™ NxT Acoustic Focusing Cytometer – 1 & (d) CytKick™ MAX Autosampler i.e. Flow control pump] (B1110), for re-use at R&D centre for research and development work only and not for commercial purpose or further sell to any third party or hospitals/clinics etc, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time.

4.5 M/s ADN Services, Vadodara, Gujarat (F.No.23/84/2024-HSM).

The application (App ID- SW2406281600-M014_D001_A304-1769365805971 & SW2406281600-M014_D001_A304-1771179282075) pertains to import of 11 Nos [07 CT,

04 MRI] of Refurbished/Used medical equipment (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 [YOM upgraded as per OEM Specifications] and the residual life is 8-10 years. The previous permission was granted for import of 14 Nos of Refurbished/Used medical equipment *vide* letter dated 19th November, 2025.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, and details regarding upgradation of equipment w.r.t. updation of software only, the EC after deliberation on the proposal recommended import of 11 Nos [07 CT, 04 MRI] of Refurbished/Used medical equipment (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.6 M/s Masters Medical Equipments, Gurugram, Haryana (F.No.23/56/2025-HSM).

The application (App ID-SW24011520295-M014_D001_A304-1769339775312) pertains to import of 06 Nos [MRI] of Refurbished/Used medical equipment (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2020-2021 and the residual life is 8-10 years. The previous permission was granted for import of 06 Nos of Refurbished/Used medical equipment *vide* letter dated 3rd June, 2025.

Recommendation: Based on the information and details submitted by the applicant, viz. Chartered Engineer's Certificate, latest Quality Assurance Report, Maintenance and Breakdown History, and De-installation/Decommissioning Report, the EC sought certain clarifications from the applicant regarding the Chartered Engineer's Certificate and the latest Quality Assurance Report.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some

documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. However, the applicant was not present to provide the required clarifications. Therefore, the matter was deferred.

4.7 M/s BMEC Imaging Private Limited, Chennai, Tamil Nadu (F.No.23/58/2024-HSM).

The application (App ID-SW2349022299-M014_D001_A304-1769780722430) pertains to import of 12 Nos of Refurbished/Used medical equipment [Cath Lab - 6 Units, CT - 1 unit, MRI - 3 units, Cathlab parts - 2 units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 10 years. The previous permission was granted for import of 22 Nos of Refurbished/Used medical equipment *vide* letter dated 23rd January, 2026.

Recommendation: Based on the information and details submitted by the applicant, viz. Chartered Engineer's Certificate, latest Quality Assurance Report, Maintenance and Breakdown History, and De-installation/Decommissioning Report, the EC sought certain clarifications from the applicant regarding the Chartered Engineer's Certificate and the latest Quality Assurance Report.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. However, the applicant was not present to provide the required clarifications. Therefore, the matter was deferred.

4.8 M/s Arkscan India Private Limited, Chandigarh (F.No.23/61/2024-HSM).

The application (App ID-SW2405564024-M014_D001_A304-1770135297411) pertains to import of 08 Nos of Refurbished/Used medical equipment [CT – 5 unit, MRI – 3 units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2022 and the residual life is 8-10 years. The previous permission was granted for import of 02 Nos of Refurbished/Used medical equipment *vide* letter dated 27th August, 2025.

Recommendation: Based on the information and details submitted by the applicant, viz. Chartered Engineer's Certificate, latest Quality Assurance Report, Maintenance and Breakdown History, and De-installation/Decommissioning Report, the EC sought certain clarifications from the applicant regarding the Chartered Engineer's Certificate and the latest Quality Assurance Report.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating

label etc. However, the applicant was not present to provide the required clarifications. Therefore, the matter was deferred.

4.9 M/s Seagul Infrass, Virudhunagar, Tamil Nadu (F. No. 23/137/2024-HSM).

The application (App ID-SW0080986307-M014_D001_A304-1770452588024) pertains to import of 04 Nos of Refurbished/Used medical equipment [CT – 3 unit, MRI – 1 units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2024 and the residual life is 8-10 years. The previous permission was granted for import of 03 Nos of Refurbished/Used medical equipment *vide* letter dated 6th June, 2025.

Recommendation: Based on the information and details submitted by the applicant, viz. Chartered Engineer's Certificate, latest Quality Assurance Report, Maintenance and Breakdown History, and De-installation/Decommissioning Report, the EC sought certain clarifications from the applicant regarding the Chartered Engineer's Certificate and the latest Quality Assurance Report.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. However, the applicant was not present to provide the required clarifications. Therefore, the matter was deferred.

4.10 M/s Mediser Scan Technology Private Limited, Lucknow, Uttar Pradesh (F. No. 23/59/2024-HSMD).

The application (App ID-SW2405326910-M014_D001_A304-1770901846454) pertains to import of 16 Nos of Refurbished/Used medical equipment [CT – 10 unit, MRI – 06 units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2022 and the residual life is 8-10 years. The previous permission was granted for import of 04 Nos of Refurbished/Used medical equipment *vide* letter dated 17th February, 2026.

Recommendation: Based on the information and details submitted by the applicant, viz. Chartered Engineer's Certificate, latest Quality Assurance Report, Maintenance and Breakdown History, and De-installation/Decommissioning Report, the EC sought certain clarifications from the applicant regarding the Chartered Engineer's Certificate and the latest Quality Assurance Report.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. However, the applicant was not present to provide the required clarifications. Therefore, the matter was deferred.

4.11 M/s Intuitive Surgical India Pvt. Ltd, Bangalore Urban, Karnataka (F.No.23/80/2019-HSMD).

The application (App ID-SW9532323955-M014_D001_A304-1771007058018) pertains to import of 02 Nos of Refurbished/Used medical equipment [2 Robotic Assisted Surgery Systems (6 carts)] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2022 and the residual life is 11 years. The previous permission was granted for import of 06 Nos of Refurbished/Used medical equipment *vide* letter dated 23rd January, 2026.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 02 Nos of Refurbished/Used medical equipment [2 Robotic Assisted Surgery Systems (6 carts)] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.12 M/s Intuitive Surgical India Pvt. Ltd, Bangalore Urban, Karnataka (F.No.23/80/2019-HSMD).

The application (App ID-SW9532323955-M014_D001_A304-1770914599931) pertains to import of 02 Nos of Refurbished/Used medical equipment [5 Robotic Assisted Surgery Systems (5 carts)] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2008-2014 and the residual life is 11 years. *Applicant had submitted CDSCO License No. IMP/MD/2024/000505 of Model No: PS4200 - da Vinci X Surgical System – 380620 - Endoscopic Instrument Control System - Patient Cart (Reconditioned), SS4000 – da Vinci Xi Surgical System – 380723 - Endoscopic Instrument Control System – Surgeon Console (Reconditioned).*

Recommendation: The EC after detailed deliberation with the representatives of M/s Intuitive Surgical India Pvt. Ltd and CDSCO, and considering CDSCO License No. IMP/MD/2024/000505 of Model No: PS4200 - da Vinci X Surgical System – 380620 - Endoscopic Instrument

Control System - Patient Cart (Reconditioned), SS4000 – da Vinci Xi Surgical System – 380723 - Endoscopic Instrument Control System – Surgeon Console (Reconditioned), recommended that MoEF&CC permission is not required in the instant case and such other cases where CDSCO has already issued/granted licence. However, EC recommended that it is the responsibility of the applicant to ensure that all such equipment should be disposed of after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time.

4.13 M/s Pahal Medical System Private Limited, Lucknow, Uttar Pradesh (F.No.23/01/2025-HSMD).

The application (App ID-SW0090962776-M014_D001_A304-1768413074638) pertains to import of 06 Nos of Refurbished/Used medical equipment [CT – 05 unit, MRI – 01 units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2022 and the residual life is 10 years. The previous permission was granted for import of 14 Nos of Refurbished/Used medical equipment *vide* letter dated 30th July, 2025.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 06 Nos of Refurbished/Used medical equipment [CT – 05 unit, MRI – 01 units] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.14 M/s Wipro GE Healthcare Private Limited, Bangalore Rural, Karnataka (F.No. 23/42/2024-HSMD).

The application (App ID-SW6299059726-M014_D001_A304-1765787981608 SW6299059726-M014_D001_A304-1766988989175) pertains to import of 04 Nos of Refurbished/Used medical equipment [CT – 02 unit; PET/CT – 02 unit] (B1110) for re-use

purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2017-2018 and the residual life is 10 years. The previous permission was granted for import of 05 Nos of Refurbished/Used medical equipment *vide* letter dated 19th November, 2025.

Recommendation: Since the year of manufacturing of equipment is 2019, it is not qualifying the criteria as mentioned in para (ii) (a) of the decision taken in the 152nd EC held on 22nd and 23rd December, 2025. In view, EC did not consider the case.

Further, as regards the equipment more than 5 years old, the details of each individual piece of equipment, such as maintenance history, latest annual quality review report, compliance with applicable standards, decommissioning reports, compliance with refurbishment standards etc. may be referred to the CDSCO for their views.

4.15 M/s Biomex Instruments Private Limited, Chandigarh (F.No. 23/01/2025-HSMD).

The application (App ID-SW2406498241-M014_D001_A304-1771235376797) pertains to import of 06 Nos of Refurbished/Used medical equipment [Image Management System – 2 unit; Interventional Radiology – 2 unit; Computer Tomography – 1 unit; and PETCT - 1 unit] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-2022 and the residual life is 7-10 years. The previous permission was granted for import of 06 Nos of Refurbished/Used medical equipment *vide* letter dated 5th August, 2025.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 06 Nos of Refurbished/Used medical equipment [Image Management System – 2 unit; Interventional Radiology – 2 unit; Computer Tomography – 1 unit; and PETCT - 1 unit] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating

label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.16 M/s Radimage Technologies Private Limited, Faridabad, Haryana (F. No. 23/78/2024-HSM).

The application (App ID-SW2405766265-M014_D001_A304-1771807617742) pertains to import of 04 Nos of Refurbished/Used medical equipment [Computer Tomography – 3 unit; and PETCT - 1 unit] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 9-10 years. The previous permission was granted for import of 05 Nos of Refurbished/Used medical equipment *vide* letter dated 17th February, 2025.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 04 Nos of Refurbished/Used medical equipment [Computer Tomography – 3 unit; and PETCT - 1 unit] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.17 M/s Medinnova systems Pvt Ltd, Vadodara, Gujarat (F.No.23/100/2024-HSM).

The application (App ID-SW6354149473-M014_D001_A304-1771753466945) pertains to import of 220 Nos of Refurbished/Used medical equipment [High end operating microscope-20 Nos.; Flow Control Pump-42 Nos.; OT Integration System-77 Nos.; Endoscopy Flexible-09 Nos; Endoscopy Regid - 12 Nos; High End Grade Monitor- 50 Nos; MRI- 10 Nos] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021-23 and the residual life is 10+ years. The previous permission was granted for import of 61 Nos of Refurbished/Used medical equipment *vide* letter dated 18th September, 2025.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 220 Nos of Refurbished/Used medical equipment [High end operating microscope-20 Nos.; Flow Control Pump-42 Nos.; OT Integration System-77 Nos.; Endoscopy Flexible-09 Nos; Endoscopy Regid- 12 Nos; High End Grade Monitor- 50 Nos; MRI- 10 Nos] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.18 M/s Telemed Systems, Latur, Maharashtra (F.No. 23/68/2024-HSM).

The application (App ID-SW2405219348-M014_D001_A304-1771570658716) pertains to import of 28 Nos of Refurbished/Used medical equipment [CT- 12 units; MRI- 12 units & Catlab -4 unit] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2022 and the residual life is 12+ years. The previous permission was granted for import of 03 Nos of Refurbished/Used medical equipment *vide* letter dated 23rd February, 2026.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 28 Nos of Refurbished/Used medical equipment [CT- 12 units; MRI- 12 units & Catlab - 4 unit] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.19 M/s Radx Medical System LLP, Chennai, Tamil Nadu (F.No. 23/82/2024-HSM).

The application (App ID-SW2405180738-M014_D001_A304-1771852360502) pertains to import of 05 Nos of Refurbished/Used medical equipment [i.e CT - 05 unit] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 7-9 years. The previous permission was granted for import of 06 Nos of Refurbished/Used medical equipment *vide* letter dated 17th February, 2026.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 05 Nos of Refurbished/Used medical equipment [i.e CT - 05 unit] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.20 M/s SBM Healthcare India Private Limited, Delhi (F.No. 23/62/2024-HSM).

The application (App ID-SW2404657435-M014_D001_A304-1768913972590 & SW2404657435-M014_D001_A304-1768913088845) pertains to import of 10 Nos of Refurbished/Used medical equipment [i.e Cathlab- 05 units +02 Units & CT -03 Units] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 10 years.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 10 Nos of Refurbished/Used medical equipment [i.e Cathlab- 05 units +02 Units & CT -03 Units] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

4.21 M/s Nime Bharat Services Private Limited, Vadodara, Gujarat (New Application).

The application (App ID-SW0263119959-M014_D001_A304-1769448103244 & SW0263119959-M014_D001_A304-1771851459634) pertains to import of 04 Nos of Refurbished/Used medical equipment [i.e CT] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2019-2022 and the residual life is 8-10 years.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 03 Nos of Refurbished/Used medical equipment [i.e. CT] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some

documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

Further, as regards the equipment more than 5 years old, the details of each individual piece of equipment, such as maintenance history, latest annual quality review report, compliance with applicable standards, decommissioning reports, compliance with refurbishment standards etc. may be referred to the CDSCO for their views.

4.22 M/s Cardiac CT Imaging and Diagnostics, Srikakulam, Andhra Pradesh (New application).

The application (App ID-SW0258708009-M014_D001_A304-1770461188522) pertains to import of 06 Nos of Refurbished/Used medical equipment [i.e CT] for self-use (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 10 years.

The applicant has submitted an undertaking stating that the De-installation Report for the used CT Machine could not be obtained from the exporter due to privacy laws, patient data confidentiality regulations, and institutional policies prevailing in the exporting countries, i.e., Denmark and Malaysia

Recommendation: Based on the information and documents submitted by the applicant, viz. Chartered Engineer's certificate, latest Quality Assurance report, maintenance and breakdown history, the Expert Committee (EC), after deliberation, asked the applicant to furnish the De-installation Report from the exporting country or submit an undertaking from the exporter/exporting country clearly stating that the De-installation Report could not be provided due to privacy laws, patient data confidentiality regulations, and institutional policies prevailing in the exporting countries.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Till then the matter is deferred.

4.23 M/s Cyrix Healthcare Private Limited, Ernakulam, Kerala (New application).

The application (App ID-SW2405173308-M014_D001_A304-1770611842319) pertains to import of 02 Nos of Refurbished/Used medical equipment [i.e MRI] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2022 and the residual life is 10-15 years.

The applicant has submitted an undertaking stating that the De-installation Report for the used MRI Machine could not be obtained from the exporter due to privacy laws, patient

data confidentiality regulations, and institutional policies prevailing in the exporting countries, i.e., Dubai and UAE.

Recommendation: Based on the information and documents submitted by the applicant, viz. Chartered Engineer's certificate, latest Quality Assurance report, maintenance and breakdown history, the Expert Committee (EC), after deliberation, asked the applicant to furnish the De-installation Report from the exporting country or submit an undertaking from the exporter/exporting country clearly stating that the De-installation Report could not be provided due to privacy laws, patient data confidentiality regulations, in the exporting countries.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Till then the matter is deferred.

4.24 M/s Isotope Imaging Private Limited, Delhi (New application).

The application (App ID-SW2407111126-M014_D001_A304-1768318946895) pertains to import of 01 No of Refurbished/Used medical equipment [i.e PET-CT] (B1110) for re-use purpose and not to be re-exported back. The applicant has furnished Form 5, justification for import, acknowledgement for receipt of copy of application from concerned State Pollution Control Board (SPCB)/Pollution Control Committee (PCC). As per CE certificate, the manufacturing year is 2021 and the residual life is 10 years.

Recommendation: Based on the information and details submitted by the applicant viz Chartered Engineer's certificate, latest quality Assurance report, Maintenance & Break down history, De-installation Report/ Decommissioning report, the EC after deliberation on the proposal recommended import of 01 No of Refurbished/Used medical equipment [i.e PET-CT] (B1110) with manufacturing year 2021 and onwards with minimum residual life of 7 years for re-use purpose and not to be re-exported back, subject to the condition that these equipment will be disposed after the end of life as per the prevailing Hazardous and Other Wastes (Management & Transboundary Movement) Rules, 2016 as amended from time to time and E-Waste (Management) Rules, 2022 as amended from time to time. Further, EC asked the applicant to submit Quality Assurance report of all the equipment to the Ministry after installation.

EC also asked applicant to provide further corroboration the chartered engineer's certificate of the original date of manufacturing of equipment proposed for import with some documentation such as purchase invoice or manufacturer's certificate of conformance, or a photo of the original systems rating label etc. Permission may be given only after receipt of satisfactory reply, without referring to the EC.

**AGENDA ITEM NO. 5: EXPORT OF OTHER WASTE LIKE SPENT CATALYST
(B1130/B1150)/Black Mass etc.**

5.1 M/s Deccan Fine Chemicals (India) Private Limited, Bharuch, Gujarat (F. No. 23/85/2025-HSM).

The application (App ID-SW9990894611-M014_D001_A304-1769237334871) pertains to export 5,000 kgs of Spent Catalyst of Iridium and Ash containing Iridium metal (B1130/B1150). The applicant has furnished Form 5, also provided Marine/Insurance Policy No. 22O17515 dated 11th September, 2025 is valid up to 10th September, 2026 and authorization no. AWH -134957 dated 14th June, 2024 is valid up to 11th March, 2031. The annual capacity as per Aclonifen Oxadiargy is 3400 MT/A, Deltanfethrin, Flumethrin, selest is 60 MT/A etc. The previous permission was granted for export of 15,000 kgs *vide* letter dated 25th August, 2025

Recommendation: The EC after deliberation on the proposal recommended export of 5,000 kgs of Spent Catalyst of Iridium and Ash containing Iridium metal (B1130/B1150).

5.2 M/s Global steel Dust India Private Limited, Tiruvallur, Tamil Nadu (F.No. 23/27/2025-HSM).

The application (App ID-SW5391622349-M014_D001_A304-1768886307235) pertains to export 50,000 MT of Electric Arc Furnace dust/Induction furnace dust (A4100). The applicant has furnished Form 5, also provided Marine/Insurance Policy No. 87CHB1 0007/26-01 dated 01st January, 2026 is valid up to 31st December, 2026 and authorization no. 24HFD60769739 dated 05th July, 2024 is valid up to 31st March, 2029. The annual capacity as per 35.1-Exhaust Air or Gas cleaning residue is 30,000 T/Annum. The previous permission was granted for export of 30,000 MT *vide* letter dated 24th March, 2025.

Recommendation: During deliberation, applicant informed that they could not import enough quantity granted earlier *vide* permission letter dated 24th March, 2025. EC was opined that instead considering fresh application at this stage, the validity of existing permission may be extended for 6 months. Therefore, EC after deliberation on the proposal recommended extension of validity for 06 months from the date of expiry of the permission granted for import of 30,000 MT of 35.1-Exhaust Air or Gas cleaning residue *vide* letter dated 24th March, 2025 i.e. up to 23rd March, 2027.

5.3 M/s Rocklink India Private Limited, Buland Shahar, Uttar Pradesh (New Application).

The application (App ID-SW9017341316-M014_D001_A304-1762442324252) pertains to export 2,000 MT of Black Mass (Under Rules 12 (8) of HOWM rule 2016). The applicant has furnished Form 5, also provided Marine/Insurance Policy No. Cholamandalam Ms GIC Ltd dated 01st November, 2025 is valid up to 31st October, 2026 and authorization no. 204330/ UPPCB/ Bulandshahar (UPPCBRO)/ CTO/ both/ BULANDSHAHAR/2024 dated 27th March, 2024 is valid up to 31st December, 2025. The annual capacity as per Authorization/CTO Black mass (metal concentrate) is 490 MT/M. The production in last FY (2024-2025) was 30 MT.

The matter was discussed in 151st EC held on 12th November, 2025, the EC after deliberation on the proposal noted that the applicant had already been given permission for import of lithium ion battery scrap vide permission letter dated 28.10.2025. The Expert Committee in its 139th and 142nd meeting of EC recommended policy aims to promote domestic collection and domestic recycling while permitting only limited imports of Li-ion battery waste for metal recovery. While noting that black mass producers need reasonable and viable prices for their output to sustain their operations, the committee also is cognizant of the fact that Export of black mass reduces the availability of critical raw material for domestic recyclers and is not consistent with the above policy approach and may adversely affect domestic recycling and resource-security goals. Since, applicant was not present during the meeting to clarify the same. Therefore, Committee deferred the matter for discussion in the next meeting in presence of applicant. Thereafter, the matter was discussed in in 152nd EC held on 30th January, 2025, The EC after discussing the matter with applicant, asked to provide the details about the efforts made by them for domestic recycling. Till then the matter was deferred.

Subsequently, applicant has submitted the requisite details/information viz. details of initiatives undertaken for domestic recycling along with supporting documents. The applicant has outlined the steps taken to explore domestic recyclers/processors, correspondence made in this regard and the constraints faced in sourcing adequate domestic recycling facilities.

In view of the above, the matter was placed before the EC for consideration and further Deliberation.

Recommendation: The EC after discussing the matter recommend export of 12 MT (40% of the Total Black Mass i.e. 30 MT produced during FY 2024-25) of Black Mass under Rules 12 (8) of HOWM rule 2016) subject to the condition that rest 60% of the Black Mass produced during the FY 2024-25 should be further recycled/refined within the country to get critical mineral/precious metals/rare earth metals.

5.4 M/s Evergreen Vaahan Recycling Private Limited, Gautam Budhh Nagar, Uttar Pradesh (F. No. 23/87/2025/HSM)

The applicant has requested to amend the permission granted for export of 600 MT Used Automatic Catalytic Convertor (B1130/B1010/B1120/B1130/B1150) vide letter dated 30th July, 2025. The applicant has requested inclusion of an additional overseas buyer in the existing export permission as detailed given below:

Addresses of a new overseas buyer name:

SKRYA PTE LTD (SKRYA)

Address: 196, Pandon Loop, #05-01,

Pantech Business Hub, Singapore – 128384
